FRATELLI TUTTI- BROTHERS AND SISTERS ALL

Individualism does not make us more free, more equal, more fraternal. The mere sum of individual interests is not capable of generating a better world for the whole human family. Nor can it save us from the many ills that are now increasingly globalised. Radical individualism is a virus that is difficult to eliminate, for it is clever. It makes us believe that everything consists in giving us free reign to our own ambitions, as if by pursuing ever greater ambitions and creating safety nets, we would somehow be serving the common good.
