FRATELLI TUTTI- BROTHERS AND SISTERS ALL

The marketplace, by itself, cannot resolve every problem, however much we are asked to believe this dogma of neoliberal faith. Whatever the challenge, this impoverished and repetitive school of thought always offers the same recipes. Neoliberalism simply produces itself by resorting to the magic theories of “spillover” or “trickle”-without using the name—as the only solution to societal problems. There is little appreciation of the fact that the alleged “spillover” does not resolve the inequality that gives rise to new forms of violence threatening the fabric of society.
